## SUMMARY

I am a highly skilled web developer with expertise in creating top-notch websites using HTML, CSS, and JavaScript. Proven track record in meeting tight deadlines and delivering innovative solutions. Seeking a dynamic company at the forefront of technology to apply technical skills and Agile experience as a collaborative problem-solver with strong communication abilities.

## SKILLS

- Java (Core)
- HTML/HTML5
- CSS/CSS3
- C / C++ / C-Obj
- PhpMyAdmin
- Git
- MySQL / SQL
- JavaScript (ES6+)
- Graphic Design
- RESTful API
- Tailwind CSS, Bootstrap
- MS Tools

## CERTIFICATIONS

Certified C/C++, AIT

## EXPERIENCE

Developer, OM Server Pvt. Ltd., July 2023-Current

- Developed and maintained user-facing webpages using HTML, CSS, JavaScript, and Node.
- Collaborated with UX/UI designers to create intuitive interfaces and incorporated feedback from usability testing.
- Wrote clean, scalable code using industry best practices and design patterns.
- Coordinated with cross-functional teams (back-end developers, QA engineers, product managers) for smooth feature deployment and upgrades.
- Wrote optimized SQL queries and designed robust MySQL database schemas.
- Troubleshooted and resolved application and database issues, ensuring system stability.
- Performed code reviews and applied best practices to ensure code quality.
- Implemented performance optimizations, such as code splitting and virtual DOM, for faster load times and improved responsiveness.
- Applied testing frameworks like JavaScript and Testing Library for comprehensive test cases.
- Conducted root cause analysis to diagnose and resolve complex bugs, minimizing system downtime.
- Coordinated with product, engineering, and support teams for efficient feature development and bug resolution.

Tech Intern, OM SERVER Pvt. Ltd., August 2021-August 2022

- Developed websites utilizing HTML, CSS, and JavaScript to create dynamic and responsive web applications, ensuring a seamless user experience.
- Managed multiple projects concurrently, delivering on time and meeting all project requirements.
- Collaborated closely with the back-end developers to integrate various websites, applications, products, gadgets, etc., to enhance interactive learning experience in the educational field.
- Created UI components with reusable code for better user experience.
- Used version control systems such as Git to manage source code repositories in a team environment.
- Implemented responsive design principles to ensure cross-platform compatibility of webpages.
- Worked on migrating legacy applications from older technologies to modern frameworks
- Implemented Standardization Program: Conducted in-depth analysis and research to standardize processes for file-based clients across business units.
- Organized Team Engagement Activities: Enhanced collaboration through team engagement initiatives.
